

SANELA THE PRODUCER OF

**SANITARY ELECTRONICS
STAINLESS STEEL SANITARY**

ABOUT COMPANY

SANELA is a Czech manufacturer of **sanitary electronics** with a long-standing tradition. The company **was established in 1997** in Lanškroun, where its production plant is still located today. The company offers a wide portfolio of products used in **public and private sanitary facilities**.

Complete **product range** includes:

- automatic washbasin taps
- automatic shower controls
- Infra-red, radar and piezo flushing units
- stainless steel washbasins and sinks
- stainless steel urinals, urinal mangers and toilets
- stainless steel mangers and cleaner's sinks
- stainless steel accessories and products made to customer enquiry,...

ABOUT COMPANY

QUALITY AND STANDARDS

- All SANELA products are designed and manufactured in accordance with **ISO 9001:2009**.
- They comply with European and international standards and meet high requirements for hygiene, durability, and safety.
- Made of **AISI 304** stainless steel; for environments with increased salt and chlorine exposure, **AISI 316** is used.

WARRANTY AND RESPONSIBLE APPROACH

- 5-year warranty on the proper functioning of electronics
- Responsible and customer-oriented approach
- A reliable partner for long-term cooperation

ABOUT COMPANY

Stainless steel products are designed for **highly demanding environments** such as:

- Prisons
- Stadiums
- Swimming pools and water parks
- Highway rest areas
- Healthcare and gastronomy facilities,...

TECHNOLOGY AND ANTI-VANDAL SOLUTIONS

Stainless steel products can be combined with:

- Infrared systems
- Piezo control
- Thermostatic systems

ABOUT COMPANY

OEM MANUFACTURING

- Products manufactured under the customer's brand
- Long-term and reliable cooperation

SERVICE AND SPARE PARTS

- High availability of spare parts
- Fair and transparent pricing
- Service support

ABOUT COMPANY

SUSTAINABILITY AND LONG SERVICE LIFE

Reducing environmental impact through:

- Repairability and product refurbishment
- Long service life
- Use of high-quality and durable materials

LOGISTICS AND QUALITY CONTROL

- Sufficient stock levels
- Thorough incoming inspection of materials
- Strict final inspection of finished products

ABOUT COMPANY

CUSTOMER-SPECIFIC AND CUSTOM-MADE SOLUTIONS

Flexibility in atypical and customer-specific product solutions

Thanks to our in-house development, we offer:

- Hardware modifications of products
- Software customization according to the customer's specific requirements

COMPLETE PRODUCT RANGE

URINAL FLUSHING UNITS

- INFRA-RED URINAL FLUSHING UNITS
- PIEZO URINAL FLUSHING UNITS
- RADAR FLUSHING UNITS

WASHBASIN TAPS

- INFRA-RED WASHBASIN TAPS
- INFRA-RED WALL-MOUNTED WASHBASIN TAPS
- PIEZO WASHBASIN TAPS
- PIEZO WALL-MOUNTED WASHBASIN TAPS
- ECONOMICAL AERATORS

AUTOMATIC WASHBASIN TAPS (COLOR ELITE LINE)

- ROSE GOLD
- GOLD
- METAL GREY

HYBRID SINK FAUCET

- Hygienic flush
- 360° swivel spout
- Pull-out spray
- Hybrid design:
 - touchless water activation via sensor
 - water activation via lever

AUTOMATIC CENTRAL SOAP DISPENSERS

- AUTOMATIC COUNTER TOP SOAP DISPENSERS
- AUTOMATIC WALL HUNG SOAP DISPENSERS

SHOWER CONTROLS

SHOWER PANELS

- INFRA-RED SHOWER CONTROLS
- PIEZO SHOWER CONTROLS
- INFRA-RED SHOWER PANELS
- PIEZO SHOWER PANELS
- SHOWER HEADS

TOILET FLUSHING UNITS

- INFRA-RED TOILET FLUSHING UNITS
- PIEZO TOILET FLUSHING UNITS
- ELECTRONICS TOUCH TOILET FLUSHING UNITS
- MECHANICAL TOILET FLUSHING UNITS

STAINLESS STEEL WASHBASINS RECESSED WASHBASINS, WASH TROUGHS SINKS

STAINLESS STEEL DRINKING FOUNTAINS

- WALL-MOUNTED
- STANDING

STAINLESS STEEL
CLEANERS SINKS
SHOWERS
SHOWER TRAYS
BATH TUBS

STAINLESS STEEL URINALS URINAL TROUGHS TOILETS COMBINATION UNITS

STAINLESS STEEL KEG LINE

- URINAL
- WASHBASIN
- MIRROR

STAINLESS STEEL AND PLASTIC ACCESSORIES

- BINS FOR TOILET PAPER AND TOWELS
- BINS FOR SANITARY PADS
- HAND DRYERS
- WASTE BINS
- SOAP AND DISINFECTION DISPENSERS
- PICTOGRAMS
- BATHROOM ACCESSORIES

BEHIND MIRROR MODULES

- SOAP AND DISINFECTION DISPENSER
- WASHBASIN TAP
- HAND DRYER
- SUPPLY BIN FOR PAPER TOWELS

SANITARY CUBICLES

- FOR WET AREAS (SHOWERS)
- FOR DRY AREAS (TOILET, CHANGING ROOMS, CELLAR/STORAGE CUBICLES)
- TOILET AND URINAL PARTITIONS

GRAB BARS FOR DISABLED AND PERSONS WITH LIMITED MOBILITY

- ANTI-MICROBIAL VINYL GRAB BARS
- STAINLESS STEEL GRAB BARS
- STEEL GRAB BARS
- SHOWER SEATS

PAYMENT MACHINES

- MACHINES WITH AN RFID SYSTEM
- COIN AND TOKEN MACHINES
- COMBINED PAYMENT MACHINES

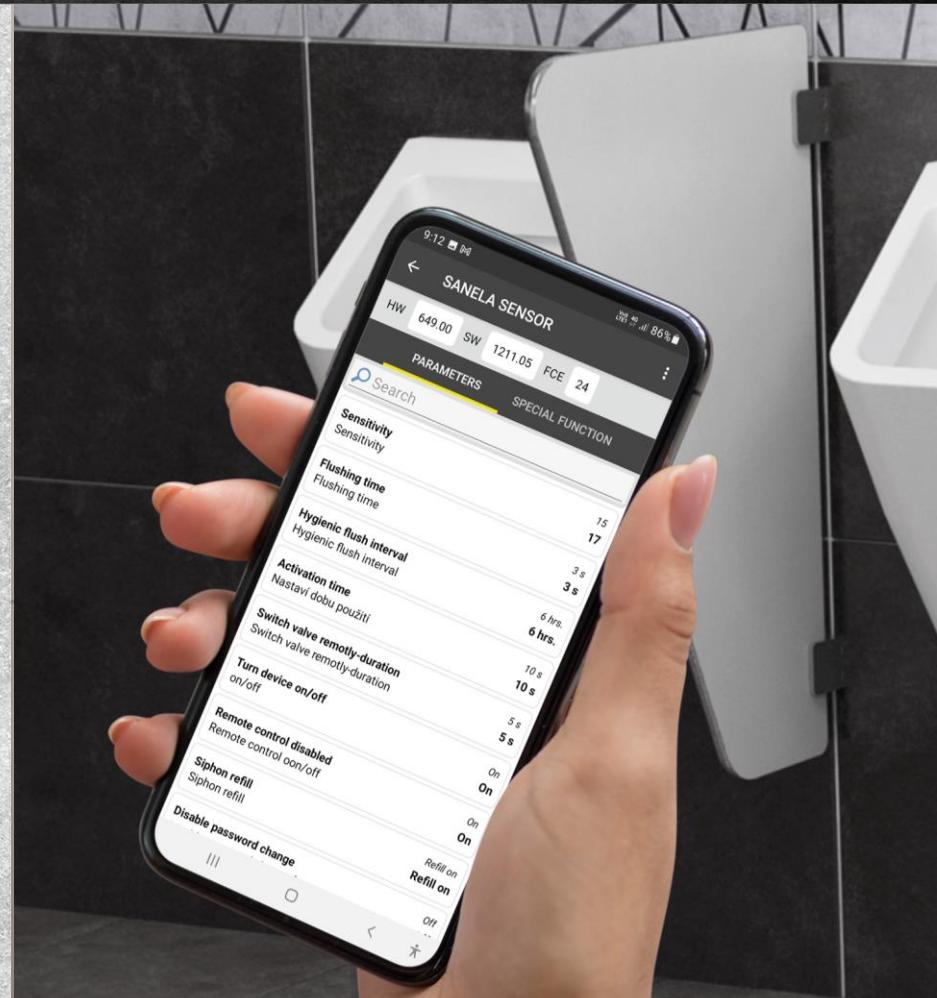

Managing and controlling for:

- SHOWER
- CHARGING STATIONS
- DOOR OPENING AND BARRIER
- SINGLE-PHASE APPLIANCE

BLUETOOTH SYSTEM

SANELA Control - is an application compatible with Android (Google) and iOS (Apple) systems and is designed for fast and efficient communication with SANELA products with built-in Bluetooth module. It fully replaces existing remote controls and allows parameter settings. By launching the application, all devices with a Bluetooth module within range of your phone or tablet are automatically searched. It is then possible to select one of the displayed products and start communicating.

 **Sanela Control App. available
for download at:**

SMART SANITARY SYSTEM

The SMART SANITARY SYSTEM intelligent water and energy management system enables remote monitoring and control of individual SANELA sanitary devices. The products are connected via an IQRF gateway to a web-based interface. The system offers a wide range of applications for both the public and private sectors.
